Leghorn, November 27.

THE Troops which lately arrived from Spain, are encamped in the Neighbourhood of Orbitello. The Guards, to the Number of near 1000, are to be here To-morrow from Florence, and 3000 Militia are ordered to be in Readineſs upon the firſt Warning.

Leghorn, Dec. 4. Laſt Thurſday General Montemar arrived at Porto Specie in a Genoeſe Gally; and as the Weather has been ſince favourable, he is ſuppoſed to be by this Time at Porto Longone, or Orbitello. We hear as yet of no Motion of the Spaniards, but ſuppoſe they wait his Arrival. The few Horſe that remained here, marched this Morning for Lombardy. General Braitwitz is making all poſſible Preparations for the Defence of this Place, if attacked.

Vienna, Dec. 6, *N. S.* The laſt Poſt from Bohemia is not yet arrived. The Queen's Army had retired two German Miles this Side of Prague, where it is ſaid that the Elector of Bavaria is lodged at the Caſtle, and treats every Body very kindly. He has deſired that the uſual Aſſemblies might be continued, and has promiſed to honour them with his Preſence. The Queen has raiſed Major-General Lentulus to the Rank of Lieutenant Field Marſhal. It is ſaid that young Daun's and Damnitz's Regiments, which are in Garriſon at Fribourg, are ordered to go to the Tyrol. Count Bathiani, Brother to the Chancellor of Hungary, is arrived at Presburg from the Army, as is alſo Prince Liechtenſtein. Marſhal Khevenhuller, who returned laſt Night from Presburg, will ſet out in a few Days for the Army which is aſſembling near Upper Auſtria.

Presbourg, Dec. 6, *N. S.* It is reported that the Magazine at Prague is not ſo conſiderable as was given out before the Loſs of that Town, there being as is ſaid Proviſions there for no more than ſix Weeks. In the Magazine ſurprized lately by the Auſtrians at Freiſtad, between Lintz and Budewitz, were found 2000 Pair of Shoes, a compleat Furniture for a Regiment, and ſo conſiderable a Quantity of Meal as would employ 3000 ſmall Carts, ſuch as are uſed in that Country, to carry it off; but as it is a Mountainous Country, and the Enemy has taken away all the Horſes, the Auſtrians will, it is feared, be obliged to deſtroy the Magazine. It is thought that the main Army will form a Poſtering from Budewitz to Tabor, and from Tabor towards Iglow ſo as to cover the Auſtrias and Moravia. The firſt Column from Italy is expected in Auſtria on the 8th. The Queen of Hungary removes to Vienna on the 11th Inſtant. The Arch Duke will be ſent thither To-morrow.

Turin, Dec. 9, *N. S.* Orders have been lately iſſued for the Regiments of Guards, Savoy, Montferrat, and others, to move towards Caſal, Valencia, Alexandria and Tortona, in the Neighbourhood of which laſt Place, Contracts are making for Forage. A great Number of Boats and Barges are getting ready for tranſporting Artillery, Ammunition, Stores and Proviſions; and Collars and Harneſs are preparing for the Horſes belonging to the Train. Circular Letters are iſſued to all the Officers who are Abſent, to return immediately to their reſpective Regiments.

Berlin, Dec. 12, *N. S.* The Great Duke is now ſaid to be marching back towards Moravia and the Upper Auſtria; and that a great Body of Troops, conſiſting chiefly of Bavarians, is marched after the Auſtrians, to obſerve their Motions. The Elector was proclaimed King of Bohemia on the 5th Inſtant, and this Day was appointed for the Meeting of the States of that Kingdom, to take the Oath of Fidelity, and to do Homage.
